SUMMARY

I am a highly motivated and results-driven Computer Engineering graduate with a strong foundation in Full Stack .NET development. Proficient in programming languages including C, C++, Core Java, and C#, I have demonstrated academic excellence in key areas such as Data Structures and Algorithms, Database Management, Information Security, and Artificial Intelligence. My hands-on experience with front-end technologies, gained during a recent internship, further strengthens my skill set. I am now seeking an entry-level position where I can effectively apply my skills and contribute to the success of the organization.

TECHNICAL SKILLS

Programming Languages:

- C#, ASP.NET Core, C, C++, Core Java

Web Technologies:

- HTML5, CSS3, JavaScript, Bootstrap

Database:

- SQL Server, MySQL, Entity Framework

Tools & IDEs:

- Visual Studio, GitHub , Visual Studio code
- OOP, Agile methodologies

SOFT SKILLS

- Leadership
- Problem-Solving
- Time Management
- Critical Thinking
- Teamwork
- Communication

CERTIFICATIONS

- Fundaments of c# programming
- Full stack java development TNS india Foundation

LANGUAGES

- English
- hindi
- Marathi

EDUCATION

Dot Net Full Stack Developer

- Naresh IT Tehnology , Hyderabad. 2024 | Hyderabad, India

Bachelor of engineering

Savitribai Phule Pune University

- Computer engineering from Late G.N. sapkal College Of Engineering Nashik . 2020-24

Higher secondary school
Maharashtra state board

- Janata vidhyalaya and junior college (science) Igatpuri,Nashik . 2018-2020

Secondary school
Maharashtra state board

- Janata Vidhyalaya and junior college (science) Igatpuri,Nashik . 2018

PROJECTS

Online medicine application using block chain wallet

- The project aims to develop an Online Medicine Application with a personalized blockchain wallet and an AI-based doctor consultation system. Challenges include enhancing medication accessibility, ensuring data security, and improving doctor-patient interactions. It will focus on personalized medication management, secure prescription authentication, efficient inventory management, quick access to emergency services, user education, scalability, regulatory compliance, and a seamless user experience.

INTERNSHIP

[Sachitech infotech], [Nashik, maharashtra] | [April, 2023]

- Collaborated with the development team to enhance user interfaces for web applications using HTML, CSS, and JavaScript.
